

Introduction

In light of the progress in the Kingdom and in accordance with Vision 2030, as well as the current industrial development to become one of the leading countries in manufacturing, and due to its strategic location connecting the world, we have sought to build alliances and establish strategic partnerships with other companies to enhance competitive capabilities. Our aim is to study and develop activities: project feasibility studies, identifying high-value activities, improving performance, and reducing costs.

Therefore, talents and expertise from various parts of the world have been mobilized. We are expanding the scope of work, identifying the geographical markets in which we will operate, and distributing production and investments globally.

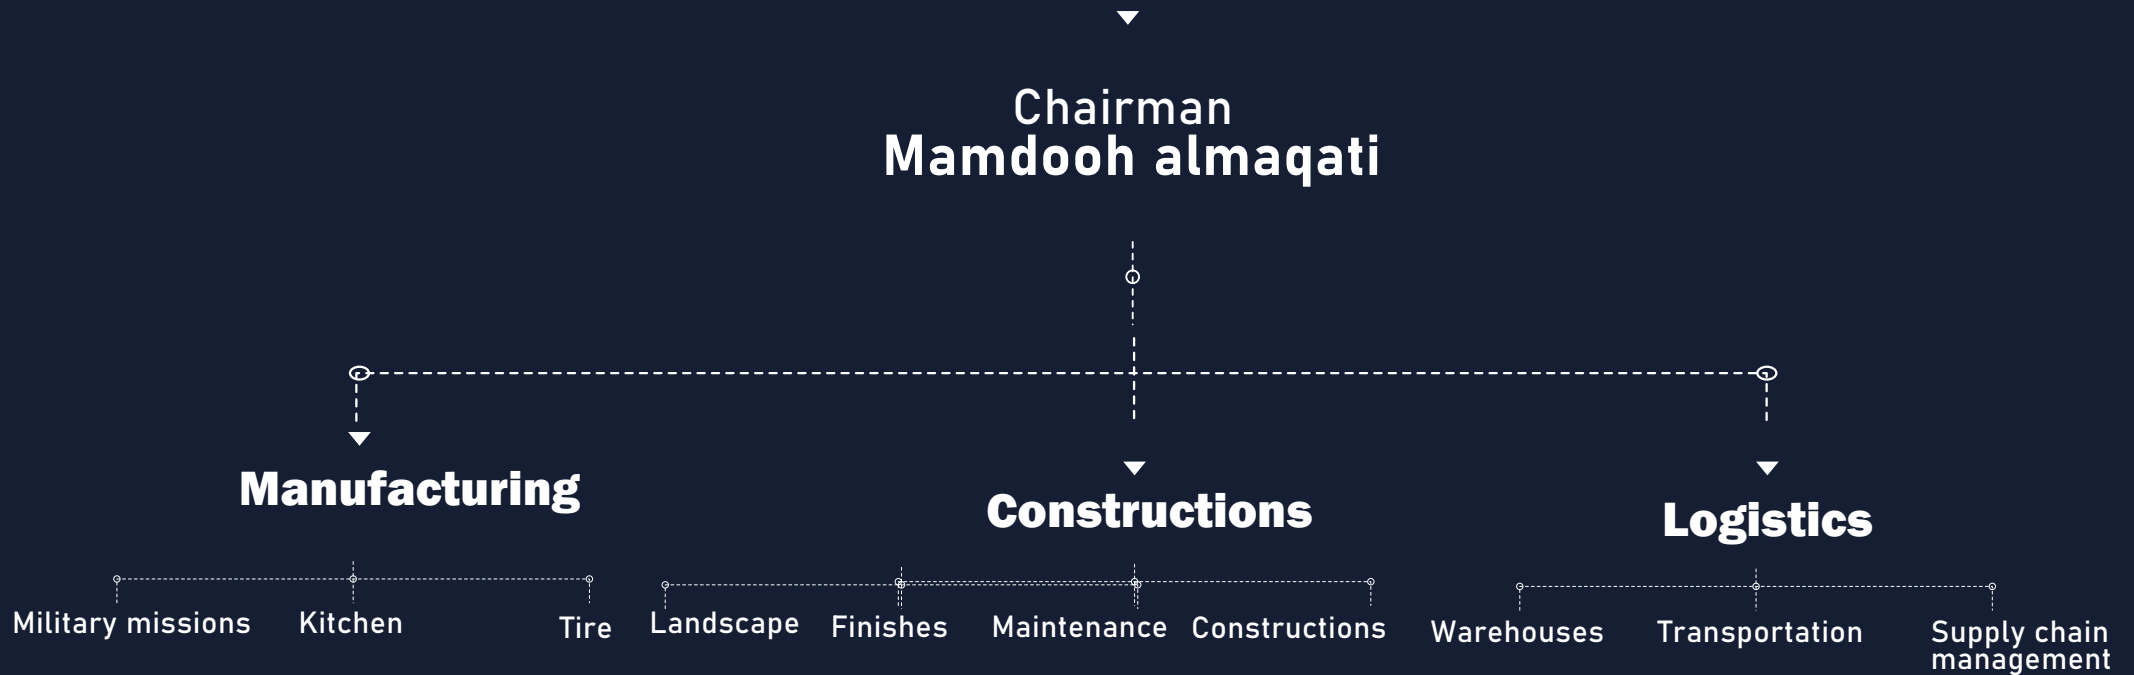

Strategic planning involves setting detailed business plans and defining the goals we aim to achieve.

We have established a group of companies to serve this goal, including companies for manufacturing products such as kitchen equipment and tire recycling. We also aim to reach an agreement with you on a factory for producing military equipment, and the land has already been purchased for the factory.

Below, we present the companies we have according to the organizational structure of the companies.

Organizational structure

Mamdooh almaqati

Chairman of the Board of Directors

Owner and Founder of Al-Fakhri United Logistics

Owner and Founder of First Choice Car Rental in
Saudi Arabia and Spain

Manufacturing

OUR WORK

We work on manufacturing and supplying kitchen equipment for ships and providing preventive maintenance services for them at the port, alongside our role in some other industries that serve the community, such as recycling tires and plastic

ABOUT US

Company group, We work on manufacturing and supplying kitchen equipment for ships and providing preventive maintenance services for them at the port, alongside our role in some other industries that serve the community, such as recycling tires and plastic we keep supply chains moving. From transportation and warehousing to inventory management and distribution, we handle every step with precision and efficiency.

We use advanced technology like real-time shipment tracking, supply chain management systems (SCM), and data analytics to streamline operations, cut costs, and keep your business running smoothly.

With a focus on reliability and innovation, we deliver logistics solutions that help you stay ahead in an ever changing market.

And we are one of the leading suppliers of galley and laundry equipment to vessels worldwide.

Our equipment and furnishings are used in more than 6000 ships including ice breakers, naval ships, cargo vessels, passenger ferries and offshore.

In-house production of most equipment guarantees consistent quality control, efficient material handling and short delivery times.

We provide equipment for cooking, refrigeration, food serving, coffee & bars, dish-washing, waste handling and laundry.

Manufacturing

1/ Manufacturing for kitchen equipment for ships and hotels

Capital Expected: \$ 70 million

Employees Expected: 57

Location: Al-Oyoun City in Al-Ahsa, Industrial Area

Production capacity Expected: 30,000 pieces

Technical Support and Training

For our international business partners and subsidiaries we have dedicated personnel to provide technical support and spare part services. For our partners we can provide individual installation and service training both centrally in our factory or at the customers' site. This way we can make sure that our customers receive accurate and up-to-date technical support and service.

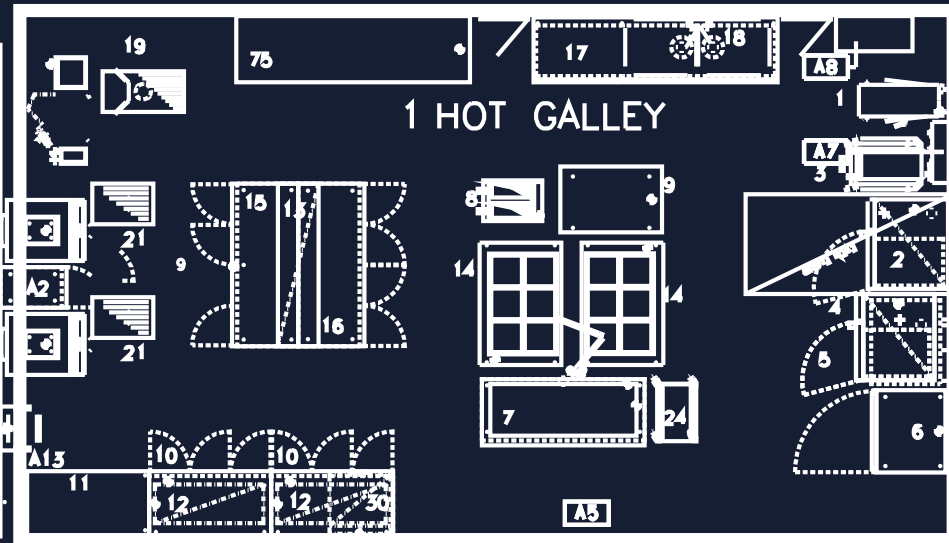

Lay-out design is a part of our services.

We have in-house lay-out design service and over 60 years experience of different types of galleys, from small work boats to passenger cruisers and offshore accommodation blocks.

Our dedicated marine design team has the knowledge of special marine needs as well as needs of professional chefs.

Our extensive knowledge about the operation of galleys helps to design functional and modern lay-outs that satisfy also chefs. 3D visuals help to perceive the plans.

Expected to be established after an agreement with your esteemed company in 2026
Expected capital Expected number of workers Location: Al-Oyoun City in Al-Ahsa,
Industrial Area Land area 3200 meters Industrial and commercial licenses were
developed under design and study.

Saudi Aramco E-Reference No. 0003329

Registration Approval Letter

SEPTEMBER 01, 2025

Attention : Smart Integrated Construction for contracting

CR Number : 7051331309
Country : Saudi Arabia

We are pleased to inform you that Smart Integrated Construction for Contracting is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10067496, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center +966 (13) 874-2222.

Dawoud Suliman Al Nuwais, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Arriba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (SCOMs and SCATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
